For parents, the program offers an affordable program with dependable scheduling and flexible enrollment policies. For the community, the program provides support for local businesses, social services, schools, and families. The program receives direction from a diverse local advisory board.

PROGRAM DESCRIPTION

Mahoosuc Kids Association after-school program serves children in Kindergarten through 5th grades that are enrolled in the schools of Maine School Administrative District #44. The program provides supervised activities designed to meet the developmentally appropriate needs of each student. This unique program has been developed to enhance the child's existing skills while introducing and encouraging new interest areas. The program will provide an environment for children to learn about themselves, others, and the world around them. A variety of methods will be utilized, including learning programs, planned large group games, small "Club" or special interest groups, and community resources. Many activity opportunities will be available to each child daily. Activities will be offered on a rotating basis and will give children a chance to choose, based on their own skills and interests. Programs will involve active and quiet activities, which will give children an opportunity to socialize and work on cooperation and group problem-solving skills. Other activities will allow children to learn and practice skills in creating projects to take home. Still, other programs will focus on fun activities that reinforce children's academic skills. Time will also be provided for assistance with homework and for unscheduled leisure time.

Mahoosuc Kids Association Summer Adventure Program serves children who are entering grades Kindergarten through 6th grade who are residents, or who are visiting, the greater Bethel community. The K-5 Summer Adventure Program will offer a fun and exciting variety of activities and outings. Weekly and special activities include weekly themes, arts & crafts, environmental education, enrichment programs, swimming, field trips, and hiking. The safety and well-being of all children in the program are of most significant importance. For any field trip or activity that is not within normal programming, permission forms will be provided and must be signed by parents. Guidelines for behavior will be developed with the children and enforced in positive ways, which encourage children in their development of self-discipline. Positive reinforcement methods will also be used in order to help children develop positive patterns of behavior with the other children and adults in the program. From time-to-time parents may be called upon to participate in a disciplinary partnership to resolve special situations. For health and safety
reasons, all children should be fully toilet trained, be able to attend to their own personal hygiene, and have the ability to participate fully in a program that is informal and unstructured. If it is determined by the program staff that a child is unable to benefit from the program or that the participation of any child for any reason would pose a threat to the health and safety of that child or other children, the parents will be asked to work with administration to solve the concern. *Please see and sign the Eligibility Criteria page of the enrollment form.*

**CURRICULUM**
The child care program uses developmentally appropriate practices and is geared for each individual child for all age groups. The children can look forward to many interesting programs and activities. MKA is a student-centered program and we want to foster socialization and individual choices for them. Each day they will have the opportunity to use the gym, go outdoors, participate in planned activities, have snacks, quiet time, and lots of time for free play. Field trips and enrichment programs are an important part of our program. Homework Club is offered by certified school staff. Special events and projects are planned at each site.

PROGRAM STAFFING
Mahoosuc Kids Association is a state-licensed facility with one teacher to 13 children maximum ratio. A Program Coordinator oversees program direction and supervision of all sites. Qualified personnel, assisted by community volunteers, staff each site. All staff are required to be certified in CPR and First Aid on an annual basis. Staff are required to have between 20 and 30 hours of continuing education hours annually. Any person who reasonably believes that Licensing rules have been violated may report this information to the Community Services Center, Child Care Licensing Unit, State House Station 11, Augusta, ME 04311. MKA staff are mandated reporters to the Department of Human Services when there is reasonable cause to suspect abuse or neglect of a child under the age of eighteen.

COLLABORATIONS
In order to provide the best programming for your child our program works collaboratively with the public school, head start, child development services, Bryant Pond 4-H and Learning Center, town recreation departments and other agencies. SNACKS AND NUTRITION
A nutritious snack will be served to all children during the course of the afternoon each day. In the Summer Adventure Program the children are served a hot lunch and are provided snacks during the day. Since we encourage good nutrition, parents are asked to use discretion if sending food with their children PLEASE REMEMBER, CPS IS NUT-FREE.
No gum or candy will be allowed in the program.

PARENT INVOLVEMENT
Mahoosuc Kids Association encourages and supports parent involvement in the program. Volunteers are needed in many program capacities, including as advisory board members, working with children, fundraising and volunteer recruitment. A Parent Education program is planned as a vital component of this program. Parents are invited to visit the program at any time.

MISCELLANEOUS
Since our program provides a wide variety of toys and games, we discourage children from bringing these items from home. If items from home are brought to the program, staff cannot be responsible for their safe return. A list of necessary personal items will be given to children upon enrollment in the Summer Adventure.
Because there are so many children involved in this program, it is very important that all clothing, jackets, lunch containers and backpacks are clearly labeled with your child's name.

PROGRAM HOURS
Mahoosuc Kids Association will operate when school is in session and on a need basis for teacher workshop days, but will definitely be closed on the following holidays: Labor Day, Thanksgiving Day, Christmas Day, New Year's Day, and Memorial Day. Indicated need and
enrollment forms will determine days of operation. MKA will be closed for scheduled school vacations, teacher workshop days, and if SAD #44 cancels school due to weather conditions. NON-DISCRIMINATION STATEMENT
Mahoosuc Kids Association does not discriminate against employees or participants on the basis of race, sex, color, national origin, religion, sexual orientation, age, or disability in accordance with all federal and state laws related to nondiscrimination. Anti-Discrimination Policy (Statement of Inclusion) It is our policy to serve all children to the best of our ability while functioning within our state guided child/adult ratios. We will work with reasonable accommodations to include all children with and without special needs in our program. We work with other agencies, such as, Center for Community Inclusion and Child Development Services, to help all children to be successful in our program. Enrollment is available to any child when there is an opening.

ACCOMMODATIONS FOR CHILDREN WITH DISABILITIES
To ensure equal opportunity for children with disabilities, Mahoosuc Kids Association will provide reasonable accommodations and/or make reasonable modifications to its policies, practices and procedures, to the extent required by law and where such accommodations or modifications would not pose an undue administrative or financial hardship or fundamentally alter the nature of the services provided by the program. If parents are seeking specific accommodations or modifications on behalf of a child with a disability, or if they have concerns or questions about whether their child will be able to benefit from the program, they should bring such matters to the attention of the Program Coordinator as soon as possible. The Program Coordinator may ask parents to provide necessary medical and other documentation regarding the nature of the child’s disability and the accommodation or modification sought. Because of the additional time that may be required to request and receive information from specialist agencies and medical providers, parents should bring any request for accommodation to the attention of the Director well in advance of the start of the program to ensure that a decision can be made prior to the start of the program. It is important to note that all enrollment documents must be completed before any such consideration process can begin.
